## CME/CE Accreditation and Continuing Education Services

Dynamic Development Strategies, LLC believes in the power of continuing education providers to improve patient care and the health of the community.

The challenges of accreditation, planning, funding, and implementation can be barriers. **We can help you create a roadmap for success!**

More than 100 years of combined hands-on experience in Continuing Education of Health Professionals

Extensive expertise in CME/CE accreditation, including ACCME, AOA, Joint Accreditation, ACPE, ANCC and others

Skilled in multiple settings, including associations, academic centers, hospitals, MECCs, nonprofits, and more

### Accreditation

Accreditation consulting services to get you started, enhance current operations, or help your organization with an approaching deadline, progress report, or reaccreditation.

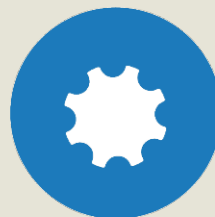

### Coaching & Training

Providing one-time or on-going coaching, counsel, and training on education strategies, accreditation criteria, best practices, outcomes, grants and other topics for leaders and staff. Also great for committees!

### Interim Leadership

Our team of seasoned CPD leaders can bridge the gap in the event of staffing turnover. An interim leader can keep operations moving while you search for full-time staff.

### Grant Services

Interested in CME/CE grants? We can assess readiness, help identify funding options, and provide training to write award-winning proposals. We can also provide writing assistance.

*Dynamic Development Strategies, LLC creates customized packages for your current and ongoing needs*
